III modular system

IVO LOPES
ARCHITECT

Ivo Lopes was born on 25 June 1984, in Porto. He received his degree in Architecture from the School of Architecture and Arts of the Universidade Lusíada of Porto in 2005, and in 2007 he received the Master's Degree in Urban Ecology and Sustainable Development. It was in 2007 that he began his professional career, working with two architectural offices in Porto.

In 2009 he came to Modular System as a trainee and became a member of the team as an architect in 2010. At the same time, he specialised in BIM technology and architectural photography, completing with honours various courses in these fields.
