

MAFALDA ORTIGÃO

COMMERCIAL

AFTER – SALES

ARCHITECT

She was born on 7 December 1979 in Porto.

She concluded the course in Architecture at the Higher Artistic School of Porto (ESAP) in 2004. She began her professional career that year in the Office of Projects of the Porto City Hall, where she did a year-long traineeship for access to the Architects' Association. At the same time, and until 2006, she collaborated with the Arquiporto architectural office.

Between 2005 and 2009 she taught subjects in the area of art in the basic and secondary schools of Porto, and simultaneously drew up various architectural projects of her own.

She also worked with the office of Morais Soares Arquitectos between 2009 and 2010. She later went to work for a Portuguese company representing a Danish manufacturer of window and door frames, where she worked on detail drawings and technical support, quotes, orders and the accompaniment of jobs for 5 years.

In September 2015 she joined the Modular System team, where she works in the commercial and after-sales departments.
